Local Disaster Committee Is Set For This Season

Experienced Group Is Organized For "The Coming Season"

The housing committee of the local Red Cross Disaster Relief Committee is pleased with the conditions of housing for those who need it away from home as well as the number of individual homes which are considered sufficient for normal hurricane weather.

Communications will team up with Civilian Defense and be ready to keep the public informed reliably and up-to-the-minute in case of a reported blowing visitor.

The committees and shelters designated are as follows:

Lake Okechobee area from "Jug" in Pahokee-Belle Glade Rd. at Runyon south and west to county lines, including towns of Belle Glade, Lake Wales, Bunn, and Chosen. Headquarters, Town Hall, Tel. 2810; chairman, W. C. Young; vice chairman, Junius Harris. Committees: Survey, A. E. Kirkman and W. W. Weeks; rescue, W. A. Woods; clothing, Kirkman and Clyde Clayton; shelter, Emmett Roberts, Jim Werngo and R. T. Bell; food and clothing, Herman Cole and Ralph Kirk; transportation, C. C. Livingston and August Schuman; committee on the ground, W. C. Clemens and W. H. Thamer; registration, Frank C. Anderson; purchase and supply, Joe Friedheim and J. B. Jones; representatives, W. F. Crider, L. E. Will, Sidney Smith, E. C. May and Jack Rasmussen; and public information, Luther Jones and Mrs. Mary Fox. Shelter: Belle Glade High School.

Negro shelters: Recreation hall Okechobee camp, Rutledge Bldg. (8th St.), Belle Glade (Ave.) and New School Bldg.

TWO MEN WILL REPORT FOR INDUCTION JULY 23

Grady A. Smith, Jr., Belle Glade, and Dwight L. Geiger, Pahokee, are scheduled to report for induction in the armed forces July 23, according to Mrs. Amie Cavanaugh, acting clerk of the local draft board. It is reported Mr. Geiger enlisted in the Air Forces prior to his induction call.

The July 25 pre-induction will include two men from this area and one transfer, according to Mrs. Cavanaugh.

The deadline for a man who has already taken his pre-induction physical examination to enlist in the armed forces of his choice has been extended until August 1, she said.

GENE HUEBNER IS NEW PROPRIETOR OF TEXACO SOUTH MAIN STATION

The Texaco Service Station on South Main Street, formerly owned and operated by Lake Buick Company, Inc., was purchased by Gene Huebner, the first of the month and is now open for business under the name of "Gene's Texaco Service Station."

Mr. Huebner was an employee of Lake Buick Company for the past year. He worked prior to that at the Standard Oil Service Station for Mr. Ivan L. Van Horn and is well qualified to give your automobile the complete and satisfactory service.

He is being assisted at the station by his wife, Merle, who was formerly employed with Ralph's Independent Market.

Shootin' Blanks

By Pauline

Special to the Belle Glade Herald -- Perhaps by carrier pigeon or Pua bird this message will reach you ardent Glades fans who never miss a "Shootin' Blank" (I hope).

I say perhaps, for I have no way of knowing that my words will get to you since I am now that unfortunates who are stranded somewhere in the Caribbean. In fact, right now I wonder if my first will ever reach the month of Glades through them again.

(Continued on page 4)

VEGETABLE INSPECTION SERVICE HIT BY HIGH COST OF LIVING

The U. S. Department of Agriculture's announced increased fees, effective July 16 for the inspection of fresh fruits and vegetables and other products are as follows: (1) Carlot, for quality and condition, \$9 (formerly \$7.50). (2) Half-car or less, \$8 (formerly \$5). (3) Carlot, for condition only \$7.20 (formerly \$4.60). Hourly fee, less, condition only, \$4.80 (formerly \$4.50). Hourly fee, \$3.60 (formerly \$3). (4) Nuts, carlot, \$12 (formerly \$10). Maximum carlot fees have been increased to \$18 (formerly \$15) for quality and condition. Inspections and to \$14.40 (formerly \$12) for condition only inspections. Maximum fee for an appeal inspection has been increased to \$24 (formerly \$20).

Glades Evacuation Less Likely With Better Buildings

"Although our Committee is organized functionally and is ready to initiate the machinery for evacuation of the Glades, the probable necessity of the Glades before a storm, grows less each year," said Luther Jones, chairman of a Glades-wide committee.

Blows of recent years have eliminated the majority of the shacks that were a menace to their own inhabitants as well as neighbors, and all recent construction in the area follows "hurricane proof" ideas - to be built to stand a 125 to 135 mile wind.

The economic loss to the community of an evacuation is estimated in that thousands of dollars to physical properties. The safety of life is the first consideration, and that has been and will be the determining factor in considering any evacuation.

Work of the Housing Committee in selecting buildings with due consideration for women and children for comfort, safety and facilities for feeding. Toilet facilities are very important. Communication has become less of a problem and with short walks for local use of the Naval Reserve and buried telephone cables.

Glades Evacuation Committee: "Luther Jones," Belle Glade, chairman; William Young, Glades, vice chairman; Frank Dooley and R. E. Hottel, all of Belle Glade; Frank Rardin, Pahokee; W. C. Allen, South Bay; Ted Daniels, Lake Harbor, and R. T. Patterson, Clewiston.

MR. R. TUCKER ACCEPTS POSITION AT LOCAL BANK

Robert T. Tucker, formerly of West Palm Beach, is now employed with the Florida National Bank, beginning his work here the first of the week.

Mr. Tucker was formerly employed with the Florida Bank, which has been located in West Palm Beach. He plans to move his family to Belle Glade in the near future.

News of Glades Boys And Girls In The Service

Receiving his discharge in January of 1950.

Following his reenlistment with the navy he was sent to the Receiving Station in Charleston, South Carolina, for two weeks and has since been stationed in Norfolk, Virginia. He is serving with the Air Material Division, United States Fleet, stationed at Norfolk.

He is the son of Mrs. Ethel Williams, Belle Glade.

Pvt. James Howard Wood arrived home last Friday on a ten day leave from Hunter Air Force Base, Savannah, Georgia where he is serving with the 2nd Air Police Squadron.

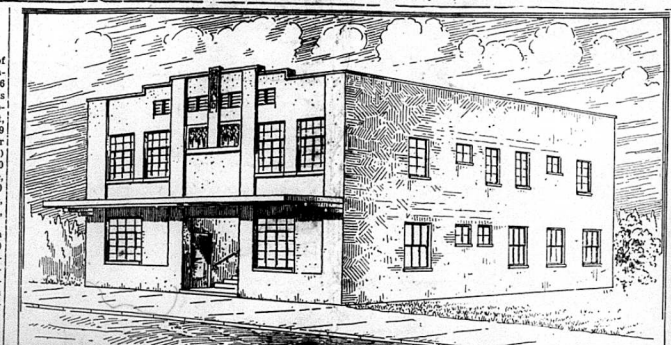

Robert L. Williams, SN, reenlisted with the U. S. Navy last October 31, following almost three years of active service with the U. S. Army.

Williams joined the Army May 7, 1947 and took his basic training at Fort Jackson, South Carolina. Serving with the 3rd Division of the 30th Infantry Regiment he received further training at Fort Benning, Georgia and Fort Sill, Oklahoma, re-

served his parents, Mr. and Mrs. O. N. Williams, and friends in Belle Glade.

Williams who has been serving with the 1st Marine Division, FMF, in Korea since last September arrived in the States July 8 on a 30 day leave.

He is expected to report to the 1st Marine Division, (Continued on page 4)

The Belle Glade Herald is eleven years old to-day, and we're just as proud of it as any parent of a troublesome child.

During these eleven years we've gone through tribulations inherent to country newspapers - and more. Some of our creditors at times in our existence, though with five or six papers in the County and not always being politically attuned to the reigning Commissioner's office, we've been forgotten or not turned out materialize.

Under these conditions, our advertisers have been life-saver. You, the readers, have made that possible, for which we are deeply grateful.

We are still a country newspaper struggling along with the rising prices in everything connected with the business and attempting to not raise prices every time we should. We have more than 100 years experience in all phases of the mechanical make-up of a paper.

Mr. Newton, now 81 years of age, has close to 60 years experience; Clarence Aspy has more than enough to make the 100.

We have no editorial policy except what's good for Belle Glade, the Glades, Palm Beach County and our state, and in that order.

We're going to remain a weekly country newspaper doing our best and if you think we're doing right help us. If you don't think we're right then help us get right. We don't mind an argument!

And don't forget this: Belle Glade and the Glades have begun to "go places." The furriers - those from other states - will run over us along the path of progress if we don't "get a hump on."

Stockers brought about as much per pound as slaughter cattle on Monday - sale with bidding rather brisk.

Mr. Young promises some 25 to 30 well, half brashman, weighing 200 to 300 pounds for next Monday.

The following is a report of the sales:

Slaughter Cattle
Steers: Commercial, 29.35-30.00; Utility, 26.50-28.75; Cutter, 34.50-35.00.

Cows Utility, 25.50-27.00; Cutter, 23.75-25.30; Canner, 20.00-21.25.

Bulls: Commercial, 30.00; Utility, 26.75-27.75; Cutter, 24.25-25.

Stocker Cattle
Steers: Medium, 28.75-33.50; Common, 26.50-31.00; Inferior, 21.00-27.00.

Calves: Medium, 30.50-35.50; Common, 28.00-32.00; Inferior, 20.50-25.75.

Cows: Medium, 27.00; Common, 23.50-26.00.

Bulls: Common, 28.50-29.50; Inferior, 26.00-27.75.

He is survived by his widow, Marie McKee Moraine, two children, a son Donald ("Bud") Moraine and daughter, Mrs. Jean Williams, and two grand-children all of Fort Myers. Also surviving him are three sisters, Mrs. M. M. Moraine, one in Omaha, Nebraska, and one in Hollywood, Florida.

Mr. Moraine was in the Lumber and Construction business in Fort Myers. He was a veteran member of the VFW, American Legion, and Masonic and Elks Lodges.

Funeral services were held at the Englehardt Funeral Chapel and graveside ceremonies conducted by the Elks Lodge. Burial was in the Fort Myers Cemetery.

Check Received By Polio Chapter To Continue work

The time of year when infantile paralysis usually reaches its highest incidence in the United States is drawing close week by week. Experience has taught us that this is the season to take a few simple precautions while at the same time avoiding unnecessary alarm.

The National Foundation for Infantile Paralysis recommends the following precautions if you are of persons cared for was 386, according to Mr. McClung. The total amount received by the local chapter from National Headquarters during the past five years is \$185,250.00.

March 1951 together with all March Dinner fund has all been used for care of patients in this county, she said.

RALPH FREEMAN GIVES ROTARY AN INSIGHT INTO HIS ACTIVITIES

Ralph Freeman, Inspector under Nathan Mayo, told Rotarians Friday some of the most interesting details of his work in the Glades on fertilizer, meats and poultry products as well as gasoline.

The details of inspecting a car load of fertilizer was interesting news even to the group which contains a good number of farmers. The work of the Inspection Department includes the purchaser receiving what he bought and paid for, under liability of several penalties.

A complaint was filed the gasoline retailers of the area by Ralph in their efforts to follow the regulations, as to quality and correct measure.

Ralph was invited by the Club to continue his talk at some later date.

BPW MEMBERS ENJOY POTLUCK SUPPER AT SARAH CRECH HOME

A potluck supper and regular social evening of the Business Professional Women's Club was enjoyed by members Wednesday evening at the home of Miss Sarah Crech of Palm Beach.

Mrs. Mary Fox and Mrs. Imogene Fontaine were hostesses. The members attending were: Billy Campbell, Mary Henry, Gene Arnold, Francis Rudy, Lucille Arnold, Mary Ann Arnold, Shirley Lewis, Mary Wall, Blanche Cooper, Miss. Miss Sarah Crech and Mrs. L. T. Creech.

Members were urged to write individual letters to their congressmen and senators urging their efforts to follow the law.

The August social meeting will be held the third Tuesday of the month at the home of Mrs. Gladys Bolton in Lake Harbor.

HEART ATTACK FATAL TO FLOYD MORRIS

Floyd Morris, 56, died suddenly of a heart attack early last Sunday morning at his home in Fort Myers. Mr. Morris was a property owner and frequent visitor in Belle Glade and well known locally. He and his family lived in Belle Glade about two years, returning to Fort Myers in 1948 where they have been residents for about 25 years. According to friends, he had been ill in the kitchen where he had gone to take a dose of soda to relieve heartburn. The doctor said he died instantly.

He had apparently been in good health and had no previous heart trouble.

He is survived by his widow, Marie McKee Moraine, two children, a son Donald ("Bud") Moraine and daughter, Mrs. Jean Williams, and two grand-children all of Fort Myers. Also surviving him are three sisters, Mrs. M. M. Moraine, one in Omaha, Nebraska, and one in Hollywood, Florida.

Mr. Moraine was in the Lumber and Construction business in Fort Myers. He was a veteran member of the VFW, American Legion, and Masonic and Elks Lodges.

Funeral services were held at the Englehardt Funeral Chapel and graveside ceremonies conducted by the Elks Lodge. Burial was in the Fort Myers Cemetery.

376 AIMALS BRING \$32,300 AT AUCTION FOR MONDAY'S SALE

Stockers brought about as much per pound as slaughter cattle on Monday - sale with bidding rather brisk.

Mr. Young promises some 25 to 30 well, half brashman, weighing 200 to 300 pounds for next Monday.

The following is a report of the sales:

Slaughter Cattle
Steers: Commercial, 29.35-30.00; Utility, 26.50-28.75; Cutter, 34.50-35.00.

Cows Utility, 25.50-27.00; Cutter, 23.75-25.30; Canner, 20.00-21.25.

Bulls: Commercial, 30.00; Utility, 26.75-27.75; Cutter, 24.25-25.

Stocker Cattle
Steers: Medium, 28.75-33.50; Common, 26.50-31.00; Inferior, 21.00-27.00.

Calves: Medium, 30.50-35.50; Common, 28.00-32.00; Inferior, 20.50-25.75.

Cows: Medium, 27.00; Common, 23.50-26.00.

Bulls: Common, 28.50-29.50; Inferior, 26.00-27.75.

Mr. Moraine was in the Lumber and Construction business in Fort Myers. He was a veteran member of the VFW, American Legion, and Masonic and Elks Lodges.

Funeral services were held at the Englehardt Funeral Chapel and graveside ceremonies conducted by the Elks Lodge. Burial was in the Fort Myers Cemetery.

MILLAGE REDUCED FOR BELLE GLADE HOSPITAL; INCREASED FOR PAHOKEE

One special taxing district increased its millage while two others reduced millages for the tax year of 1951 in Palm Beach County, according to certificates filed recently with the County Commission.

The Southwestern Hospital District, operating the Belle Glade Memorial Hospital, decreased its millage from 7.75 to 7.50 mills for the new fiscal year starting October 1, according to its certificate.

Increasing its levy from 9 to 10 mills was the Northwestern Hospital District, operating the Belle Glade Memorial Hospital at Pahokee.

The levy boost was authorized in a resolution adopted by district officials, headed by C. A. Batchelor as chairman, at a meeting June 22.

MRS. AMIE CAVANAGH IS SUBSTITUTE CLERK AT LOCAL DRAFT OFFICE

Mrs. Amie Cavanagh from Lake Headquarters of Selection Service in St. Augustine, is acting as clerk at the local draft office during this week and next.

DR. GREEN APPOINTED SUGARCANE AGRONOMIST AT EXPERIMENT STATION

Dr. Victor Eugene Green, recent arrival on the Everglades Experiment Station staff, will work on a wide range of problems affecting sugar and starch crops.

Dr. Green was formerly assistant agronomist at the Louisiana Agricultural Experiment Station where he gained extensive experience in this field. He replaces F. D. Stevens as sugarcane agronomist here.

He received his B. S. and S. degrees from Louisiana State University and his Ph. D. degree from Purdue University.

His master's thesis was on nitrogen movement studies under dry paddy conditions and his doctor's thesis dealt with the effect of soybeans on the physical condition of mineral soils and the subsequent growth of red clover.

Born in De Ridder, Louisiana, Dr. Green came to the Experiment station July 1.

Methodist Ed. Board Plan Summer Church Activities

Plans for summer activities for the Community Methodist Church were made at a meeting of the Board of Education held last Monday evening at the Jack Hollingsworth home.

Vacation Bible School is scheduled for one week only, August 20-24 to include primary groups through Junior age groups.

Young men will begin August 26, and close with a banquet at the close of that week.

A new chairman of the Board and board members will be elected at the next meeting.

Doug Wooten was in charge of the Board in the absence of President Hester, who was called to North Carolina by the death of his niece.

LOCAL BAKERY GETS EXCELLENT A ON ITS PERIODIC INSPECTION

Our local bakery operated by Mr. and Mrs. Charles Henry has just been given a periodic inspection by the State of Florida's regular bakery supervising department and received a rating of Excellent "A."

The Henrys are leaving on a ten day vacation trip to visit their daughter and son-in-law, Col. J. A. Cunningham U. S. Army stationed in Washington.

Due to the inability to secure satisfactory replacement, bakery will be closed during the Henry's vacation during the week of the clean-up when they return.

Joe Stalin, Income Tax, percentage of calving, interspersed with Fuller Warren's proclivities in the minutiae of such temperatures that "branch water" was omitted from the cooking liquids.

Not like Breton Woods, these momentous questions grew to such proportions in the minds of the Conclave that eating and sleeping were fleeting ideas that never re-fered. Finally - before dawn - exhaustion of ideas and feebly advanced arguments were replaced by sleep only to be disturbed before the rising sun peeked over the cypress, by two Seminole comes to add glances and dignity to the discussions.

Such stick-to-itiveness has before been recorded. The food so heartily provided had no appeal and the discussions were left as a con-cluding agenda. Further reports will appear as the discussion proceeds.

Stabalization Is Pointed By Diversification In The Glades In New Industries

Two new crops - fiber and cattle food - and expansion of two other Glades industries - cattle and sugar cane - are stimulants towards a year-round labor need in the Glades.

The planting of 640 acres of Ramey by Hillsboro Plantation Plantation uses more than half dozen tractors, with three to four of them doing two shifts. Three draglines on a double shift requires more than a dozen men to keep them going properly. Pump operators and workmen installing pumping equipment and facilities engage several more persons.

The planting of 320 acres of Ramey by Hillsboro Plantation uses more than half dozen tractors and other farm equipment as well as a score or more of day laborers.

Both fibers are harvested during the off season of our winter crop.

The sale of more than 10,000 acres of land purely for beef production is reported, and improvement with water control, grassing and fencing is in progress substantially on half dozen tractors.

The development on the WHB Ranch is the largest currently being followed closely by that of T. S. Tolt and associates on 441 just east of Nine-Mile Bend. A tract of 1600 acres owned by the late Speer Burr and Doc Kicker east of George Williams' ranch is going ahead as rapidly as rainfall allows.

A half section by a line cowboy, Miss Peppard of Miami - is operating several tractors, a dragline and a pump.

Kathryn Friedheim Speaks At Lions' Club Meeting

Lions heard an interesting report at their Wednesday noon meeting, given by Miss Kathryn Friedheim, Girl's State representative, on her trip and control at Tallahassee June 29 through July 6.

Miss Friedheim, daughter of Mr. and Mrs. Joe Friedheim, was chosen as this year's delegate by the high school faculty and board members of the American Legion Auxiliary.

Doug Wooten was in charge of the Board in the absence of President Hester, who was called to North Carolina by the death of his niece.

and family of St. Augustine, and his sister and husband, Mr. and Mrs. Carl Hernandez of Miami.

Mr. Paul Bearden and daughter, Miss Betty Bearden, have recently returned from a visit with relatives in Ashburn, Ga.

Mrs. F. L. Harris spent a few days last week with Mrs. F. C. Doolittle at her cottage in Miami Beach.

Mr. and Mrs. Curtis Slade left the first of the week to visit his parents in Eager, Arizona.

Mr. and Mrs. Lester R. Rhudy returned last weekend from a vacation spent with relatives in Georgia.

Guests at the home of Mr. and Mrs. Wilbur Bowdoin this week are her brother and wife, Mr. and Mrs. Ernest Simmons of Atlanta, Georgia, and a niece, Miss Joyce Simmons, Zellwood, Mrs. Bowdoin's mother, Mrs. S. K. Simmons of Haddock, Alabama, has also been visiting her daughter and family for the past three weeks.

SCHUG-KRAMER WEDDING CEREMONY SOLEMNIZED AT NORTON A. F. BASE

The wedding of Pfc. Marie Maxine Schug, daughter of Mr. and Mrs. W. O. Schug of Chosen to Sgt. Frances W. Kramer, son of Mr. and Mrs. William Kramer, Baltimore, Maryland, was solemnized in the chapel at Norton Air Force Base, San Bernardino, California July 17, 11th. Captain Vincent Dunigan officiating.

The bride, given in marriage by her father, wore a white tulle gown with a wide train and a strapless bodice with matching bolero and carried a bouquet of orchids and carnations. Her hair of white tulle was trimmed with orange blossoms.

Miss Virginia Berkeley of Richmond, Virginia, (Pfc. stationed at Norton) was maid of honor and wore a white street length dress of embroidered organza. Her bouquet was of white carnations.

Best man was S-Sgt. Robert Starkey who wore his new air force blues.

The bride is a graduate of Belle Glade High School, class of 1949. She is engaged with the W. A. F. in January of this year.

Mr. and Mrs. A. B. McCormick had as their guests last weekend his brother and wife, Mr. and Mrs. Aaron McCormick of Pennsylvania.

she was transferred to Norton A. F. Base where she is serving as Radar Operator.

Sgt. Kramer graduated from High School in Baltimore, Maryland. He also received basic training at Lackland Air Force Base and was later transferred to Norton Base where he is an Airplane Mechanic.

A reception was held following the ceremony at the home of Mr. and Mrs. Russell Fitzpatrick in San Bernardino.

The young couple have taken a cottage off the Base at San Bernardino and plan a trip here at Christmas time as their honeymoon.

Mr. and Mrs. Harry O. Schug, the bride's parents who attended the ceremony visited with friends and relatives in North and South Dakota, Milwaukee and Indiana on their return trip home.

CLEWISTON INN SCENE OF SORORITY DINNER

Members of the local Chapter of Beta Sigma Phi Sorority entertained their husbands at a dinner last Thursday evening at the Clewiston Inn.

The affair was planned as the Sorority's social activity for July. Mrs. Kathleen Dexter was in charge of arrangements.

Attending were Mr. and Mrs. Frank Anderson, Mr. and Mrs. Dale Collins, Mr. and Mrs. Dick Garney, Mr. and Mrs. Edward M. Ayres, and Mr. and Mrs. Louie Kirchman.

LEGION AUXILIARY TO HAVE POTLUCK DINNER

A potluck dinner at 8 p.m. next Monday evening will precede the meeting of the American Legion Auxiliary at the Legion Hall.

Mrs. George Tedder and Mrs. Junius Harris are in charge of arrangements.

"CLIFF" GREENE IS HOSPITALIZED HERE

C. M. Greene, manager of the Glades State Prison Farm, is expected to be released this weekend from the Belle Glade Memorial Hospital where he has been confined the past two weeks.

Greene has been under medical care following an acute attack of indigestion which resulted in spasms of the heart muscles.

HOSPITAL NEWS NOTES

Mr. Joe Levitt underwent surgery at Belle Glade Memorial Hospital this week. He is the son of Mr. and Mrs. M. F. Coleman.

Miss Lois Bell, Nurse at the local hospital, is a surgical patient at Belle Glade Memorial Hospital.

Miss Frances McAllister is now employed in the office at Belle Glade Memorial Hospital. She began her duties last Monday.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Bruce Williams announce the birth of a son, Laurence Bruce, Jr. July 11, 1951, at Belle Glade Memorial Hospital. The mother is the former Katherine Roper.

JOE STEVENS LEAVES FOR NAVAL TRAINING CENTER

Joseph William Stevens, son of Mr. and Mrs. L. M. Stevens of Belle Glade, left last week (Thursday) for San Diego Naval Training Base where he will take his "Boot" training.

Stevens enlisted in the Navy July 19, and was scheduled to report at the training base July 16th. He graduated with the 1951 class from Belle Glade High School where he received the agricultural award.

REV. HOLLADAY TEACHES COURSE AT YOUTH CAMP

Reverend E. L. Holladay conducted a course on "How to Use the Bible" at the Methodist Youth Camp in Leesburg recently.

While there he visited with his three children. His son, Austin Holladay is dean at the camp. His daughter, Mary Evelyn is one of the counselors and another daughter, Joanne was attending camp during the time.

FLORIDA FRUIT AND VEGETABLE AUCTION

NEW HOME IN ORLANDO

Luther L. Chandler, the pride of Fort Drum and the sage of South Dade, agriculturally, as Chairman of the Board of Directors of the Florida Fruit and Vegetable Association announces that a new home is to be begun this week for the headquarters office, and it will be a C.F. basis cash-in fast - from savings.

The committee found that a floor space is needed now, and that there is no room for expansion at 29 South Court Street. Consideration was given to renting larger space, to building in downtown Orlando, or moving to some other city.

The final recommendation was for construction of a 40 x 80 building on a 155 x 150 foot lot on Cheney Highway west of

Colonial Avenue) opposite the Glades Airport.

The site was chosen because it is only three quarters of a mile from the terminal, and Highway No. 50. Practically all FFVA members and business visitors arrive via automobile or by the parking space will be provided.

The building will be simple but dignified, and equipped for efficient operation. Modern methods and office appliances will permit giving our members the best service at lowest cost. The rent on an equivalent amount of office space in Orlando would amortize the cost of the building in about 12 years, it is estimated.

"Necessity for expansion and increased needs are necessary," Luther says, so we had to make a move."

CINEMATIC CHATTER

By Malcolm Millar

"Cat" McCloud with a black face offering came under the wire to take third place with thunderous applause ringing through the Hugo Theatre, last Thursday night, when Talent Scout Night was presented.

Raymond Martin, with an exhibition of harmonica talent, came into second place via loud approval of the audience. Donny Kidder, in songs, Betty Joe Pruitt, with two song offerings and Scout Night, was presented.

Burns, song stylist, were guest stars from Palatka. Continued increase in patronage on these huge presentations shows the audience like "flesh" shows as an entree to the regular screen performance. Corinne Calvert, upcoming cinema actress, recently had a scene in a picture in which she was supposed to do some cooking, including a fried egg. When the oven door was thrown open and the dense smoke had dissipated one half dozen mounds of brown and

black spelled ruin. "Well," commented Corinne, with a wry smile, "this is explainable. I have always been considered the world's worst cook." As a pausing comment I would add Corinne is one of the world's best and most charming young actresses. Ingenuity is the real foundation of motion picture

productions. In order to photograph intimate scenes in a grove of trees between Montgomery Clift and Elizabeth Taylor in "A Place in the Sun," producer-director George Stevens had a small forest of more than 100 trees built within the studio. See you at the movies. Mal

SAFETY SPECIALIST

OUTLINES MEASURES AGAINST SUNSTROKE

While sunstroke, heatstroke and heat exhaustion are not as common in Florida as in other states, they do sometimes occur here, says Louis T. Nieland, safety specialist with the Florida Agricultural Extension Service. He suggests that precautions be taken to avoid these troubles.

Sunstroke follows prolonged exposure to the sun; heatstroke is from excessive heat with or without exposure to the sun. The effects are the same and either may be fatal.

The symptoms are hot and dry skin, face red and flushed, breathing hard and loud, pupils enlarged and unconsciously may follow in severe cases.

Prevention is the best cure, but you should be prepared if it does occur. Here is what the National Safety Council suggests for sunstroke or heatstroke:

1. Move to a cool shady place, strip to the underclothes, lay on back with head and shoulders raised.

2. Apply ice or cold wet cloths to head, cool the body gradually with cool bath or with a hose or wet the clothes and rub limbs toward the heart.

3. After treating for several minutes stop and observe patient. If skin becomes hot again, resume treatment.

4. If conscious, give cool drinks, not ice cold. Do not use stimulants.

5. Get the patient to a doctor or a hospital as soon as possible.

Continue the treatment in the ambulance.

With heat exhaustion, the patient's skin is cold and clammy. A simple rule may serve as a guide and avoid treatment confusion. Briefly, it is this: If the patient is cold, make him warm; if he is hot, make him cool.

SERVICE
(Continued from page 1) back in San Diego August 3rd. Pic. Kenneth H. Bass phoned his parents, Mr. and Mrs. A. A. Bass Sunday from Randolph Air Force Base where he was being transferred from Roswell, New Mexico where he attended a Gunnery School at Walker Air Base.

Trees are a crop—like wheat or cotton—on more than 6,000 Tree Farms in this country.

Don't burn debris on a windy day. For a list of places to keep your STONE GREEN.

DRIVING FATIGUED IS RECKLESS DRIVING

Drivers involved in traffic accidents because they were fatigued are being charged with reckless driving, Florida Highway Patrol Director H. N. Kirkan said today.

He explained that a sleepy driver violates traffic rules and regulations in that he knowingly risks the lives of himself and others.

He suggested that motorists pull off the road and rest at the first sign of fatigue.

Patrol records indicate that sixteen persons were killed in 403 Florida traffic accidents last year because motorists were asleep or fatigued.

ADDITIONAL PERSONALS
Mrs. G. E. Tedder spent last week in Miami visiting at the home of her niece, Mr. and Mrs. Dow Houston and baby.

Mr. and Mrs. J. B. Jones and son Peter were spent weekend guests of Mr. and Mrs. K. B. MacEva in St. Petersburg.

Miss Eva Sue Taylor is spending her vacation in Hillsville, Virginia with relatives.

Mrs. Mary Fay will spend this weekend with her mother, Mrs. P. O. McManus in Fort Pierce.

Reverend Emil A. Heiring Will Substitute at St. Philip's Catholic Church

Catechism classes are being conducted each morning this week Monday through Saturday, 9 to 12 m., at St. Philip's Catholic Church. Sister M. Immaculate and Sister M. Thomas from Rosarian Academy in West Palm Beach are the instructors.

Reverend Emil A. Heiring has arrived from Dayton, Ohio, to substitute for Father William O'Farrell who will leave soon for a two months visit in Ireland.

SHOOTIN' BLANKS
(Continued from page 1) The jaunt beyond the limits of man-made maps and out of the realm of legend, and how I will return are as mysterious to me as they must sound to you.

It all started most unceremoniously and without preparation only last Monday, as the day is labeled in the civilization which I just left. Deciding to leave the hot routine of duties completely behind me for at least a few weeks, I donned bathing apparel and started for my favorite beach which is slightly secluded.

I retired bodily on the warm sands and let the relaxing trade winds sooth my mosquito bites which I had acquired the night before.

Suddenly I was startled by the strangest sight—A turtle whose shell gleamed as though fashioned of a million jewels approached and gently spoke my name.

"Blank," said the turtle, "I have been sent to fetch you by the all powerful ruler of Amphiphalu Isle, and you are to come with me."

Figuring that I might discover something which would amaze and dismay my readers, always keeping them upmost in my mind, I did on the turtle's bejeweled back. For an amazing length of time we walked through the blue Atlantic and finally landed on the shore of Island. The vision of this island defies all previously published pictures of tropic paradise.

King Mi Juju, who himself a monstrous but turtle more magnificent than all his subjects, met me with all pomp and circumstance and stated that he wanted audience with me immediately.

He said he had received word via the Fus Fua bird that I was an authority on Shootin' Blanks and that since he was contemplating war on a nearby island, he wanted the inside dope.

I proceeded to tell the king of Amphiphalu Isle that indeed I did have the information which he sought explaining that shootin' blanks is a theory which points out that the pen is mightier than the sword and that nations are won and lost and rise and fall on the strength and power of words. So immediately he appointed me chief of the ammunition department with the responsibility of carrying on correspondence and holding audiences with the enemy king.

At the minute my position is secure here as a respected sage. I am now lounging under a Garbled Gumbo tree, noted for its miracle performing fruit, trying to convey this information back to you. Four Nubians are fanning me with brilliant feathers and several others are showering Rented coins and rare perfumes around me. So I will sacrifice myself for my readers.

and remain a while longer under the Garbled Gumbo tree on the Amphiphalu Isle.

STABILIZATION
Continued From Page One line and is planting grass seed plots.

A plot just west of Twenty-Mile-Bend, on the north side of the road recently purchased by Mr. G. A. Lovell of South Bend, Indiana, will be developed for cattle in the near future, according to the owner. This land was purchased from Ralph Blank and B. Elliott.

Two miles road frontage just west of Miss Peppard's land was purchased by a Virginia Gentleman who plans to use the Black Angus as a base breeding herd. He also purchased the former Lou Currier farm near Six-Mile-Bend.

Mr. Henry Cohn, an Indiana corn grower and cattleman, joined by substantial associates in the drying and marketing of cattle foods. Twelve hundred acres of Pangloss grass are being planted at the present time by Messrs Livingston and Crider under contract to the Cohn interests.

The substantial buildings seem along the north side of State Road 80 and US 441 just west of Lovachatchee speak well for the progress made by this organization in the past several weeks.

The 66,000 acre tract, 22,000 of which are muck, will be put

under water control and utilized as fast as practical. Cattle, cattle feed, citrus and grain crops will predominate the utility.

Oreolanta Sugar Mill, owned and operated by the Bank for Cooperatives of Columbia, S. C. has contracted with several farmers in the South Bay-Lake Harbor area for cane to be planted, as a part of a plan to increase the working days in the fabrication end of the business.

These four industries are basic necessities—fiber for industrial and domestic use—beef—cattle foods both for beef and dairymen and sugar. There are no more basic necessities.

For an area to acquire substantial activity in any one of these is a stabilizing effort, but to have four attain major proportions—and fast—is substantial progress concurrently is something of which to be proud.

Just a word to those who feel that the "vegetable industry is going to the dogs." The activities of the local Co-op in providing a large tract of land and the building of the most modern packing house and precooling together with facilities for marketing the farmers' produce ready for sale is the strongest indication of the future of the vegetable industry in the Glades. That is an outstanding accomplishment in the vegetable industry, and deserves the admiration given to it by other winter vegetable areas.

The Keep Green program of forest fire prevention, started in 1941, now operates in 30 states.

STREAMLINED POSTAL MONEY ORDER SYSTEM NOW IN EFFECT HERE

Patrons of more than 42,000 Post Offices will find the new and more convenient money order available Postmaster General Jesse M. McDonald announced recently. It went into effect July 24.

Principal changes in the new money order system will make it possible to have a money order cashed at any of the nation's post offices or it may be collected through any bank in the same manner as the depositing or cashing of a check.

The new money order appears in the form of a punched card instead of the customary paper slip and purchasers will fill out the same form and pay the same fees as has been required in the past.

The regulation that money orders must be cashed at specific post offices has been eliminated. Under the old system, it will be recalled, if your order had to be cashed in the office to which it was issued. If it was cashed at a post office in another city an additional fee was charged.

The new system makes available to the Post Office department the most advanced electronic business machines. One will be under the management and supervision of Assistant Postmaster General Osborne A. Pearson, who directs the Department's Bureau of Finance.

All new money orders will be processed in the same manner as Treasury checks or other cash items. The Federal Reserve banks will then turn over the paid money orders to the proper regional Post Offices.

The new money-order system is in keeping with the program to modernize and improve the operation of the postal service, as well as to effect economy and the better to serve the general public.

Too Late To Classify

By Russell Kay

THE ADMIRAL WAS A LADY—Taxes, Federal, State, County and City are reaching a point where they really hurt and you hear more and more people complaining. To make matters almost every national magazine as well as our own local newspapers tell us of outrageous waste of tax monies on every level. Government officials are over-burdened with employees who are not needed.

Bureaucratic officials exert more and more authority over the lives of citizens, maintain costly lobbies and public relations staffs to try and impress us with their importance and bamboozle congress into giving them more and more authority and larger and larger appropriations.

Office holders, from the President down, don't want economy in any department but scream for more and more money for more and more boondoggling. Small fry politicians are the Big Boys in government getting away with it and follow suit in our states, cities and counties. America's wealth and resources are being squandered at a fearful rate and yet the poor dumb taxpayer who pays the bill remains indifferent or actually eggs the spenders on by howling for some service that he feels will bring him or his family some special benefit, overlooking the fact that countless others like him are doing the same thing and while he may deserve some benefit from the service he is so anxious to get he is going to pay many times over for other services to other people who mean nothing to him.

We hear a lot of silly talk about SECURITY. We listen to bureaucratic propaganda about FREE services. Hog-wash and boloney! Wealth comes only from production. When we fail to produce we go broke. A lot of poor dumb, simple folks seem to have the idea that money the government throws away is some sort of play money. They overlook the fact that the government, federal, state, county and city produces nothing. It has no money. It can't get any money unless you work like a dumb ox and provide it out of your earnings.

Over the years, all branches of government have created more and more bureaus to provide more and more so-called services and try to get us to approve more which they keep insisting are FREE.

President Truman with his socialistic Fair Deal program wants more of your money to throw down rat-holes. Governor Warren, following in his footsteps, howls for more tax money and wants to saddle this state with a State income tax on top of all the other taxes.

The people, they claim, want more services from government. All right, Mr. Taxpayer, how many of the costly alphabetical bureaus now being operated with your money did you personally ASK FOR? How many Congressional or legislative committees have you gone before and demanded that these services be provided and begged that the money to operate them be taken from your pay envelope or your bank account?

It won't be long before your big hearted Uncle Sam will be digging into your pay envelope again and taking another healthy slice from your pay. You say you don't like it. But you

United States Postal Money Order

won't do anything about it. On top of that you are going to have to pay more money for gasoline for your car, more money for your cigarettes and if you enjoy a nip now and then, more money for your night cap. All these increased taxes mount more and more money, for the bureaucrats and politicians to play with. It's your money. You worked and produced to earn it. But you aren't interested in what is done with it. You hand it over and then look on it as money you are no longer interested in.

Some day maybe it will occur to some taxpayer that he is being gloriously gypped and he will get up on his hind legs and demand a lot of this foolish government spending be stopped. Maybe some day enough of you will get hurt to the point where you will go to the polls instead of going fishing and vote for those candidates who pledge themselves to reduce expenses, cut out unnecessary bureaus and give you something for your money.

And maybe, if you find such a candidate you will keep an eye on him after election and make darned certain that he keeps his promises. I say MAYBE, because I doubt it seriously. But until you do, you can expect to pay more and more and get less and less.

Farm Workers Introduced To Social Security Program

Thousands of farm workers in South Florida will have their first introduction to the Federal social security program this week, according to information from the West Palm Beach office of the Social Security Administration. For many other farm hands the report due in July will be the second on which their wages have been included. B. C. Gehrken, Jr., pointed out that regular farm workers with steady employment for one farm operator were affected by the new law as soon as it went into operation on January 1 and their wages were taxable at once. Others who were not working regularly for one farm operator before the law went into effect could not be included on the reports for the first three months of the year but may be due for inclusion on the reports to be made in July or for later periods.

This results, Mr. Gehrken explained, from the fact that the law provides a sort of trial period for the farm worker. Before his wages may be counted toward social security a farm hand must be regularly employed by the same person during a full calendar quarter. His work during this "trial period" does not count for social security but it does in the following quarter, if he earns as much as \$50 in cash wages in each succeeding quarter in which he earns at least \$50, so long as he continues to work for the same employer no less than 60 days per quarter.

Once a worker meets these requirements his wages are subject to the law and must be reported. The employer is required to register with the Bureau of Internal Revenue, withhold the tax from his workers' wages, and keep records, and make reports of wages. The

Unemployment Claims In Area Lowest In 4 Years

The slowly descending amount of unemployment compensation payments was reported today by Chairman Raymond E. Barnes of the Florida Industrial Commission to be \$127,287 for the week of July 2-6, or approximately \$3,000 under totals for the previous week. This amount was received by 8,237 unemployed on the average of \$15.33 per person. It was also disclosed that \$76,749,780.48 is on hand in the reserve fund in Washington to make these payments, as of June 30th.

(Of this computed total Palm

Beach County received \$5,772 to be paid 322 unemployed Dade, Hillsborough, and Polk counties led the number of recipients and amount of payments made.

Unemployment Compensation claims for this area handled by the local office, considerably lower this year than for any year during the past four, according to Mr. A. M. Larrimore, manager of the local office. For the week ending July 14, a total of only \$34,000 claims, including compensations to 20 unemployed persons, was made through this office, he said.

The drop in compensation can be attributed to two different factors: More migrants are leaving the area during the summers and employment so far this season has held up remarkably well, according to Mr. Larrimore.

payments in old-age to the worker and his wife, with special provision for families with young children. Payments may also be made at the death of an insured worker, including a single lump-sum payment to widows over 65, or to dependent parents.

Mr. Gehrken urged all farm operators who have workers regularly in their employ to register at once, if they have not already done so, and invited any who are uncertain of

their status or who need any sort of information to get in touch with the West Palm Beach social security office.

BIGGER PACKAGE... HIGHER QUALITY

And up in price far less than most things ... That's your TELEPHONE SERVICE

Today you can call a lot more local telephones than you could ten years ago. The service is faster and more efficient. Yet the price has gone up far less than most things you buy.

In this fast growing state the telephone keeps on growing more useful for business and social needs... and for national defense. Southern Bell is spending millions to bring telephone service to still more people of the state.

A. B. DOOLEY, Florida Manager

BIG AND GROWING VALUE!

Although Floridians can call more than 2 1/2 times as many local telephones as they could ten years ago, telephone rates in the overall have gone up less than a fourth as much as prices in general. Always one of your best bargains, telephone service is today an even better buy than it was ten years ago... and a relatively smaller item in the family budget.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

Defense is your job, too!

HERE is a group of strong, healthy young American soldiers enjoying an after-chow bag session while they polish up for tomorrow's inspection. They are a part of the best-fed, best-equipped, best-cared-for Army in the world—the United States Army. And they are just like the boys from your home town, from your own block, who are training now to do a job of defending your country—and you.

Defense is your job, too.

And one of the best ways for you to do that job is to buy U. S. Defense Bonds. For your Defense Bonds help maintain America's economic strength just as these boys help maintain her military strength. Go to the Pay Office where you work and sign up for the Payroll Savings Plan, or join the Bond-A-Month Plan where you bank. Do it now!

The U. S. Defense Bonds you buy give you personal financial independence

Remember that when you're buying Defense Bonds you're building a personal reserve of cash savings. Money that will some day buy you a home or educate your children, or support you when you retire. Remember, too, that if you don't save regularly, you generally don't save at all. So go to your company's pay office—and sign up to buy Defense Bonds through the Payroll Savings Plan.

Don't forget that bonds are now a better buy than ever. Because now every Series B Bond you own automatically earns on interest earned every year for 20 years from date of purchase (instead of 10 as before). This means that the bond you bought for \$18.75 can return you not \$32—but as much as \$53.35—if you just hold it the extra ten years! A \$17.50 bond pays \$60.66. And so on. For your money, and your country's, too, buy U. S. Defense Bonds now!

***U. S. Savings Bonds are Defense Bonds Buy them regularly!**
